LAS Links Read Aloud Functionality: Without Text-to-Speech Accommodation

Before entering accommodations for dually identified students into the DRC INSIGHT Portal, consider that the following are read to each student by the test administrator or the test delivery system without the accommodation of text -to-speech.

General Online Test Directions for each domain are located in <u>LAS Links Test Administration Manual</u> Appendix A and must be read aloud to all students by the test administrator.

Embedded Domain Item Directions are simple directions such as "Read the notice and answer number 13 and 14."

Item Prompt/Response Options are the test items and the options for student response excluding the reading passages.

Assessment Grade Band and Domain	General Online Directions Read by Test Delivery System	Embedded Domain Item Directions Read by Test Delivery System	Item Prompt/ Response Options Read by Test Delivery System	Notes
