SUBJECT: Update on DRC Reporting Tools

Just a quick update on the availability of DRC's reporting tools located in their Insight portal.

On-Demand Reports

On-Demand Reports, which were populated with students from SY 2021-22 assessment, are no longer available.

Because LAS Links testing this year will be an operational field test of Form F, On-Demand Reports will continue to be disabled during the LAS Links assessment window (January 3rd to March 3rd) and remain so until the CSDE approves the final SY 2022-23 scores in the spring.

Interactive Reports

Interactive Reports were disabled this Monday (12/5/22) but in response to feedback from Connecticut districts concerned about access to their historical data, they were restored on 12/7/22.

DRC will, however, disable them again on **December 31st** before the testing window opens.

Interactive Reports will be available in spring 2023 once the CSDE approves the final SY 2022-23 scores.
