**Directions:** Complete the table with information from the passage. Write the exact word or words used in the passage into the box below.

#### Rivers and Lakes

Have you heard about Lake Superior and the Mississippi River? Lake Superior is the biggest lake in the United States. The Mississippi River is the largest river in the country. Lake Superior and the Mississippi River are alike because they are so enormous! But rivers and lakes are different in one important way. The water in a river flows, or moves. But a lake is calm and quiet, because its water does not move.

Students use the keyboard to type their answer(s) into the box.

Look at the table.

Lake Superior	Mississippi River
Biggest lake in the United States	Longest river in the United States
Enormous in size	Enormous in size
Calm and quiet	_____ (B) _____

What belongs on line B?
