Subject: TEA and DRC: LAS Battery of Assessments Acceptable Use Policy

As Texas LEAs navigate the unprecedented challenges we are facing today, DRC is working with the TEA to support you and your students as much as possible. However, due to the nature and purpose of the LAS Links assessments, per the TEA and DRC, students are NOT to be provided remote access to the LAS Battery of Assessments.

TEA and DRC asks that the following guidelines are adhered to:

- Do not provide students with the ability to test at home by providing students/parents the link to install INSIGHT on a student's home device;
- Do not create Zoom, Skype, Google Hangout/Meet or any other type of online meeting in order to test students via this method of communication;
- Do not mail secure testing materials to students' homes;
- Do not initiate any other creative form of testing beyond the standardized, secure method of testing (i.e. in-person testing, online testing at schools and newcomer welcome centers).
