Student Status Dashboard

The screenshot shows the "Student Status Dashboard" application. The main header is "Student Status Dashboard" with a "Manage Students" link. Below the header, there are two main sections: "Site Selection" and "Filters". The "Site Selection" section has a "Select a Site ..." button. The "Filters" section has a "Testing ended after *" dropdown menu. A modal window titled "Site Search" is open, showing a search bar with the placeholder text "Search by name or code" and a magnifying glass icon. Below the search bar is a table with the following columns: "Name", "Code", "Parent Name", "Parent Code", and "Select". The table is currently empty. The modal also has a progress indicator with two steps: "1 Select a Site" and "2 Select an Admin".

- Once you have chosen the **Student Status Dashboard Application**, the next page will ask you for a site name or site code. Your site code is displayed anytime your site name is displayed.
- Type either your site name or code into the **Select a Site** box.
- This dashboard can only run status reports at the **School** level, it cannot produce District-level reports.

Student Status Dashboard

- The **Student Status Dashboard** provides a graphical presentation of Status by School, by Grade, by Content Area, and Assessment.
- If you hover over any color, the dashboard will provide student counts.
- Click on the icon in the right-hand corner of each chart to make the dashboard a list.
