# Student Online Tools Practice Test Tips

---

You may have students take the Online Tools Practice Test individually or as a whole group:

- The Online Tools Practice Test in its entirety should take approximately 20/25 minutes or less
- Have the link to the Online Tools Practice Test open on another tab on your computer:  
<https://wbte.drcedirect.com/LL/portals/II> and show it as a whole group –or–
- Have each student go to this URL, put their headsets on, and take the practice test. Remember, they can also click on the INSIGHT app to access the practice test.
- If you take the students through the practice test(s) as a whole group, if you show the speaking domain, you will need a head set that you will plug in when you are prompted to record an answer, or your device microphone needs to be enabled.

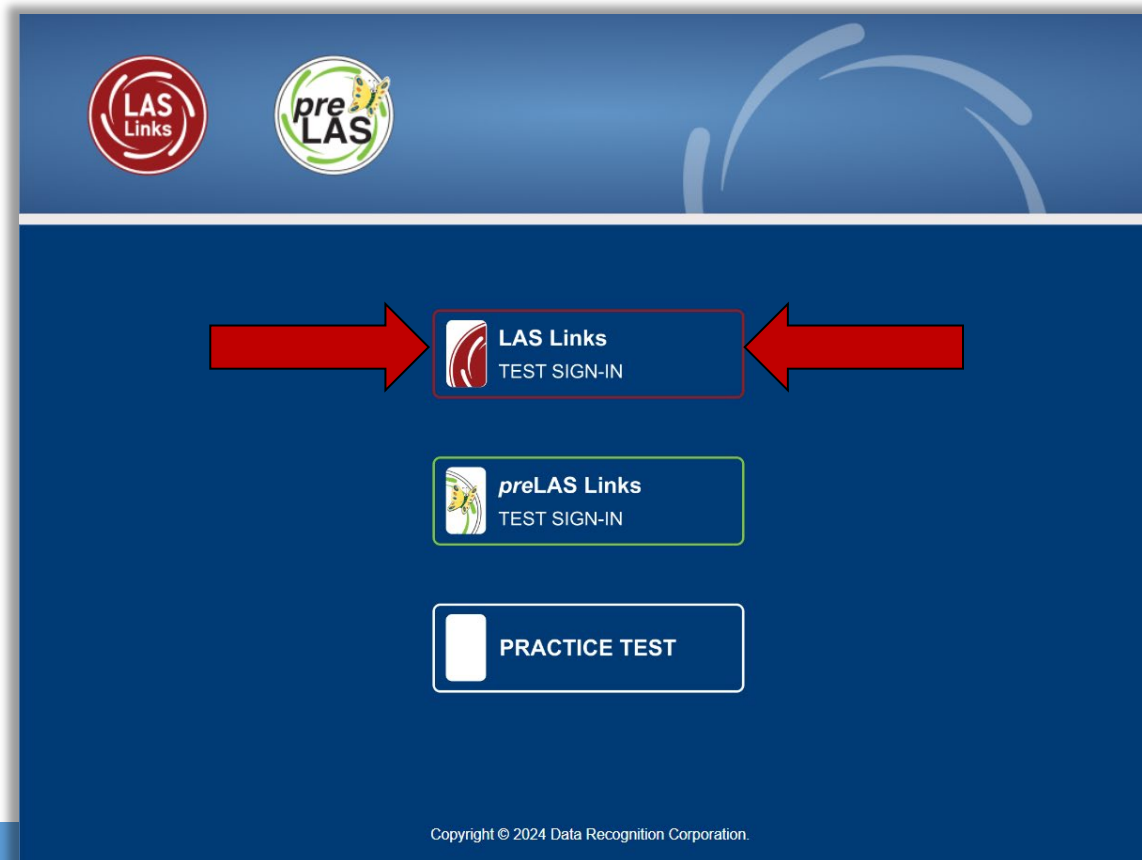

**Time Saving Tip:** The embedded videos regarding the tools provided in each of the 4 domains are the same videos. Once the student has watched those videos and practiced with the tools during the first domain, they may skip the videos and the tools practice in the remaining domains and go straight to the specific domain practice items.

# LAS Links Online: Student Experience

When the student is ready to take the live test, they should be given the test ticket and should click on the DRC INSIGHT App installed on the student device.

# If Using the Test Monitoring Application

Once the student has entered their test ticket username and password, they are then asked for a Test Monitoring Code:

# Welcome to the Test!
